• Description ref n°4971 •

Real estate complex located in the countryside without being isolated, a few minutes from a pretty village with amenities, 10 minutes from Eymet.

Old farm including a large country house (200m² on the ground) in stone. The interior is in the process of being renovated (lots of character with its terracotta floor tiles, period fireplaces, exposed stone walls, high ceilings (3.3m), exposed beam ceilings).

through entrance of 24.5m², old kitchen of 37m² with fireplace, 1 room of 37m² with fireplace, 1 room of 53m² with fireplace, period cupboard, 1 room of 44m² with access to the convertible attic, bathroom of 4m², wc individual

The joinery is fairly recent (double glazed)

The house does not have the water supply but easy connection. Use of well water.

Sanitation to be redone (over 30 years). No heating system

The second house of 63m² (created as an extension of the barn) also requires work but offers various possibilities of use. It includes a living room / kitchen (wood stove heating) of 27.5m² with exterior access door and into the barn; a bedroom, in its extension an entrance / hallway to a bathroom with wc and a second bedroom (possibility of a guest room). Double glazing joinery. The stone-walled barn, of 107m² on the ground, benefits from a roof framework redone about 10 years ago. This is adjoining and communicating with the converted part (possibility of extending the living area)

House connected to the water supply plus possibility of using water from the well. Non-compliant pit sanitation (creation in 2001).

A 3rd agricultural building (over 250m²) includes the barn, cellar / cellar, and a workshop. Work needed (Stone construction plus cinder block on one side).

Old pigsty

The land of 1ha10 is flat (meadow) and has 2 access roads, one of which has a right of way for the benefit of the adjoining property. Location in the countryside, quiet without being isolated!
