• Description ref n°6818 •

Old farmhouse including:

A residential house: entrance hall, new open kitchen opening onto living room, living room with insert fireplace, hallway, 2 bedrooms, shower room, separate toilet, pantry/laundry room (could easily be another bedroom, upstairs old house to renovate, convertible attic above.

Lots of potential, because we can make a beautiful master suite in the old house, and potentially 2 other bedrooms in the attic for example. You just have to put a staircase from the completely renovated living room, the stone having been made visible in part of the house as well as outside (part of the house and part of the barn). We can definitely pack our bags and continue the work (or not!) afterwards.

Adjoining barn (concrete floor), a dovecote, open barn (concrete floor), metal shed. Well, land around.
