• Description ref n°8051 •

Everything is turnkey and no work is required for this house, accessible via a 36m² terrace with a barbecue opening onto the surrounding countryside, not overlooked.

You enter a fully equipped kitchen, then a living room with plenty of natural light thanks to its aluminum bay windows.

Then there are three bedrooms of 10.76m², 12.39m², and 11.31m², as well as a 5.79m² bathroom with double sinks. There is a separate toilet.

Under the house, you access a 43.16m² garage containing the "De Dietrich" oil-fired boiler and the oil tank.

In the garden, full of flowers and trees, a small path leads to the 50m² outbuilding, which could be used as an additional garage, a workshop/garage, or converted into a gîte, as it has water, electricity, and two PVC windows. There is a roof terrace.

PVC double glazing except for aluminum bay windows

Oil-fired underfloor heating

Compliant septic tank
