## • Description ref n°8820 •

Stone property comprising three independent houses totaling approximately 310 m<sup>2</sup> and a barn on a 13,155 m<sup>2</sup> plot.

The main house comprises:

On the ground floor, a kitchen, a dining room, a living room with a wood-burning stove, and two suites with bathrooms and toilets.

Upstairs, two suites, each with a shower room with toilet and a dressing room.

Two terraces: one at the front of the house sheltered by a covered area, and one by the pool with a pergola.

The second single-story house comprises a main living/dining room with a wood-burning stove, a fitted kitchen, two suites with shower rooms and toilets, and a private paved terrace at the front of the house.

The third single-story house comprises a main room with a fitted kitchen opening onto a living/dining room and two suites with shower rooms and toilets. A terrace is located at the front of the house.

The outbuildings consist of a brick barn of approximately 350 m<sup>2</sup> in good condition with two opposing main entrances, a boiler room, and a large cellar.

Outside, a landscaped garden with a well provides access to an 11m x 5m chlorine swimming pool heated by solar panels, and its pool house with a 20 m<sup>2</sup> wooden chalet and a terrace, all enclosed by a safety barrier.

The roofs are in good condition, according to the owners.

The wastewater treatment system is individual, consisting of two functional and compliant micro-treatment plants.

The windows and doors are double-glazed, made of wood and PVC.

The heating system is oil-fired and electric, using reversible air conditioning units and convectors.
